ATR-RJ - Transceiver 1000T SFP RJ-45

ab **283,56 EUR**

Artikelnr.: 390040
Versandgewicht: 0.10 kg
Hersteller: Teledesic

Produktbeschreibung

SFP (Small Form-Factor Pluggable) 10/100/1000TX Modul mit RJ-45 Anschluss, das eine Kupferoption zur Erweiterung des Netzwerks auf bis zu 100 Meter bietet. Physische Daten- Nettogewicht 33,00 g- Bruttogewicht 40,00 g- Breite 13,00 mm- Höhe 13,00 mm- Tiefe 57,00 mm

What is a SFP? The Small Form-Factor Pluggable (SFP) devices are adapters that generate an interface to allow access to an Ethernet signal through Optical Fiber. These devices can be connected to the inputs of different Ethernet and GPON equipment, allowing the transmission/reception of the information by connecting to single-mode or multi-mode fiber or Ethernet cables. Among the advantages of using SFP modules, we can highlight the reduction of space, lower energy consumption, or the increase of transmission distances. Which SFP do I need? Based on the devices to which they are connected, the transmission speed, or the type of cable used, several options are available in the whole range of media converters. The compatibility between the SFPs and the different Ethernet and GPON equipment is described below.
