

Datasheet

Micro HDMI to HDMI cable (1m) -support 4K output

RS Stock No:

Product Details

This is High-speed Micro HDMI to HDMI cable that has clear signal over long distances and allows for a thinner, more pliable wire gauge for improved cable flexibility and portability. It meets the latest HDMI standards (4K Video at 60 Hz, 2160p, 48 bit/px color depth) that supports bandwidth up to 18Gbps and backwards.

Features and Benefits

- 100% Electrical Performance Test
 - a. Insulation Resistance: DC:200V 10M Ω (MIN)
 - b. Conductive Resistance: 5.0 Ω (MAX)
- Applicable equipment: PDA, IPAD, PS3, XBOX, Laptop, etc
- 4K@60Hz TV test
- HDMI 19Pin Micro-HDMI/M
- Black plastic core
- Gold plated terminal
- Gold plated iron shell
- HDMI 19Pin A/M

Specifications:

TIE	L: 8CM-White TIE
PVC	37Pa-White PVC
PE	LD-PE
CONN	HDMI 19Pin Micro-hdmi/M; HDMI 19Pin A/M; Black plastic core; Gold Plated terminal; Gold plated iron case
WIRE	30AWG [1Px(1/0.25mm BC) + D(1/0.25mmBC)+AL]x5+30AWG(1/0.25mmBC)x4C+AL+D(1/0.25mmBC)+B (16/5/0.12mmAL-MG)OD:6.2+/-0.2mm PVC-White L:1000+/-30mm
Operating Temperature:	0°C~50°C (≤75% R.H.)
