

## 6-1330DST DST Revolving Pull Handle

### Advantages

- Revolving Pull Handle with DIRAK-SNAP-Technology
- This handle is suitable for the computer industry, 19" technology, insertions and equipments and other applications.
- Designed for vertical or horizontal uses.
- The corrugation shows the fitting position.
- A soft push on the fluted position makes the handle revolving into the final, open position.
- A soft push makes the swiveled out handle fall back. For closing to a fully flush surface the end of the handle has to be pushed to the housing.
- Installation by a simple push into appropriate cutout.

### Materials

- **Handle and dish:** PA, black
- **Pin:** steel, zinc plated
- **Snap wedges:** sintered steel

### Remarks

1. Mounting position (fluting at the bottom) and closed
2. open
3. Handle swiveled out
