

Item no.: SC-885E559B SEC2415V - 2.4 GHz, 15 dBi Outdoor Sector Antenna

Product Description

IT ELITE SEC24015V - 2.4 GHz, 15 dBi Outdoor Sector AntennaSector antenna working in the 2.4 GHz band with 15 dBi gain and vertical polarization.

Because of reduced sidelobes, the antenna keeps a clear, strong signal even in crowded radio enviroments. It's resistant to interference from other networks and does not disrupt others. Antenna features no beam squint due to frequency change, it means that decreasing of data throughput or even loss of a link after frequency channel change does not occur.

Perfectly designed for operation under severe weather conditions. A proper materials allow operation in the salt water environment without corrosion. Professional mounting system with 0-15 degrees scale guarantees easy and smooth tilt down as well as rock-stable operation. Key Features:

- 15 dBi sectorial gain
 Special outdoor weatherproof enclosure
 Highest International Protection Rating IP 66
 High-quality construction

- Minimized sidelobe levels
 Vertical polarization
- Heavy-duty mounting elements
- Easy elevation and tilt adjustment
- Designed for all-weather operation

Applications:

- 2.4 GHz Band Wireless LAN
- IEEE 802.11b/g WLAN systems
- Point to point application

Electrical Properties

- Frequency: 2.4 2.5 GHz
- Gain: 15 dBi
 Polarization: vertical
- Beamwidth deg horizontal: 90° (-3 dB), 120° (-6 dB)
- Beamwidth deg vertical: 12°
- VSWR:
- Impedance: 50 ohms • Front to back ratio: > 35 dB
- **Mechanical Properties**

 - Technology: Microstrip
 Input connector: N-type / female
 Dimensions: 580 x 125 x 50 mm
 - Weight: 1.5 kg
 - Radome material: UV-resistant Color: white
 - Construction: all-weather operation
