RBOMNITIKUPA-5HND - RouterBOARD, 600MHz, 128MB RAM, 5-Ports

from **82,39 EUR**

Item no.: 313256
shipping weight: 1.20 kg
Manufacturer: MikroTik

Product Description

MikroTik RouterBOARD OmniTik UPA-5HnD (Level 4, 600 MHz)

The perfect outdoor AP

The OmniTik UPA-5HnD is a weatherproof outdoor AP with dual-polarized omni antennas - the perfect companion for the SXT, or for any other 5 GHz 802.11a/n standard device. Weatherproof, durable and ready to use. It has five 10/100 Ethernet ports, PoE support and a built-in 400 mW 802.11a/n wireless radio. It supports Nv2 TDMA technology with up to 200 Mbit aggregate throughput.

LED signal indicators on its back are fully customisable, show Ethernet activity or wireless signal - or any other information from RouterOS. The USB port gives the ability to connect a 3G modem or a storage drive.

The OmniTik UPA also features power output on its Ethernet ports. Ports 2-5 can power other PoE capable devices with the same voltage as applied to the unit. Less power adapters to worry about.

The box contains: OmniTik UPA-5HnD, mounting loops, PoE injector, 24 V 2.5 A power adapter.

- Product code: RBOMniTikUPA-5HnD
- CPU speed: 600 MHz
- Antenna gain: 7.5 dBi
- TX power: 30 dBm
- RAM: 128 MB
- Architecture: MIPS-BE
- LAN ports: 5
- Integrated wireless: Yes
- Wireless standards: 802.11an
- USB: Yes
- 802.3af support: No
- PoE output: Supports PoE output on ports 2-5, max. current 500 mA per port
- Voltage monitor: Yes
- PCB temperature monitor: Yes
- Dimensions: 368 x 125 x 55 mm
- Operating system: RouterOS
- Temperature range: -30°C .. +70°C
- RouterOS license: Level 4
