Product Description

Transcend StoreJet Cloud TS32GSJC10K 32GB

Extra StorageConnect via wireless. Share files with friends and family. Enjoy hours of entertainment anytime, anywhere. With the ultra-portable StoreJet Cloud you can wirelessly extend the storage space on your iPad(R) / iPhone(R) / iPod(R), Android device, and other mobile devices to include all your favorite photos, eBooks, documents, music, and movies. StoreJet Cloud provides much-needed freedom from cables, skip-free playback in an instant, and is the ideal companion device for any situation. Share Your WorldUp to 5 devices can stream various media from StoreJet Cloud at the same time, letting everyone choose whatever they want to view, read, watch, or listen to. Users access media through StoreJet Clouds dedicated wireless network, so you can wave goodbye to the limited share options, ongoing expense, and coverage demands of Internet storage. With the advantage of physically storing files with flash-based technology, StoreJet Cloud can provide a further 28 hours of DVD quality movies or 16,000 songs in a compact and lightweight design. This is in addition to over six hours of continuous playback with its rechargeable Li-polymer battery. Its convenient size and long-lasting battery make StoreJet Cloud perfect for creating a fun media centre in your house, entertaining the kids on a long road trip, or camping trips in the great outdoors. For complete peace of mind, wireless encryption can be applied to protect your digital library and provide secure access to only authorized users. To load content onto StoreJet Cloud, simply drag and drop files for effortless file management. Undoubtedly, StoreJet Cloud makes it easier than ever to carry your whole media collection with you wherever you go. Features
