Product Description

MikroTik RouterBOARD RB750R2 hEX lite, Level 4, 850 MHz, 64 MB RAM is an entirely new class of product in the RouterBOARD lineup, the RB750 is a small five port ethernet router in a nice plastic case. Not only is this an attractive looking tiny SOHO unit, its price is lower than the RouterOS license alone - there simply is no choice when it comes to managing your wired home network, the RB750 has it all. Not only its affordable, small, good looking and easy to use - Its probably the most affordable MPLS capable router on the market. No more compromise between price and features - RB750 has both. With its compact design and clean looks, it will fit perfectly into any SOHO environment. RouterBOARD hEX Lite with AR7240 CPU, 64 MB RAM, 5 LAN ports, RouterOS L4, plastic case, power supply
