Product Description

IT ELITE MRABOX - Small Outdoor Enclosure (IP 66/67) Outdoor enclosure is used wherever you need to protect your electronics from outdoor operations. The range includes weatherproof outdoor enclosure, mounting kits and enough compartment for RouterBoard or any other electronic equipment. Enclosure is furnished with special cable gland connector with an easy connection to Internet Network. Perfectly designed for operation under severe weather conditions. Proper materials allow operation in the salty water environment without corrosion. High quality construction of pole mounting elements guarantee easy elevation and easy tilt down as well as rock-stable operation. Inside the enclosure are suitable posts for Mikrotik RouterBOARDS 411 and 711 series. Key Features:

- Special outdoor weatherproof enclosure
- Dedicated for MikroTik RouterBOARDS
- Highest International Protection Rating (EN 60529) IP 67
- High-quality construction
- Heavy-duty mounting elements
- Easy elevation and tilt adjustment
- Designed for all-weather operation

Applications:

- Wi-Fi installations
- Outdoor electronics housing
