Item no.: RBPOE

RBPOE - passive PoE injector

from **3,38 EUR**

Item no.: RBPOE
shipping weight: 0.30 kg
Manufacturer: MikroTik

📄 Product Description

MikroTik passive PoE injector, RB/POE, RBPOE

Low-cost passive PoE base unit for powering passive PoE devices over Ethernet. Simply connect your power source to the injector, and then use an Ethernet cable to connect the injector to the RouterBOARD device. Helps reducing number of wires that lead up the tower, and in other situations.

For using with RouterBOARDS that support 10-28 V PoE powering, input needs to be at least 18 V to accomodate any losses in cables.

- Product code: RBPOE
- Input voltage: Any
- Output voltage: Any
