from **1.474,71 EUR**

Item no.: ADR1-3HDUIT_MSATA
shipping weight: 5.00 kg
Manufacturer: ADR AG

📄 Product Description

ADR HD Producer IT series with 3 Targets, incl. mSATA adapter

IT series hard disk duplicator is specially designed for professional use. It supports high speed duplication up to 90 MB/sec based on realtest. Three copy modes: quick, all partitions and whole HDD can meetdifferent needs of duplication tasks. The quick copy mode supports copyonly data and system file area can make copying efficient. NTFS,Linux (Ext2/Ext3), FAT/FAT32 sources all can be supported with quick copy mode.

The smart easy replaceable SATA interface module cangreatly enhancecopying efficiency. Unlike other traditional HDD duplicators, they needto plug and pull SATA cable to/from each HDD one by one during copying,however IT series duplicator releases such hassle, all you need to do is to plug and pull HDD, no touch of SATA cable. This will greatly enhance the efficiency of duplication. Also, the module SATA interface releases the trouble of change the wearable SATA interface. All theprofessionals know that the interface module is a consumable part, themore duplication, the sooner wear and tear. On IT series, when the SATAinterface wears out, all you need is to remove the screw, exchange a newmodule, it takes only few seconds to finish. Furthermore, besides thehigh speed duplication, it also support may functions such as DoD erase.

- Supports high speed to 90 MB/sec based on real test
- Supports 2.5", 3.5" SATA HDD
- Supports IDE HDD via SATA-IDE
- Revolutionary easy replaceable SATA interface module. Alleviatethe hassle of change the wearing interface module. Easy to plug and pull HDDs, easy to replace new module, and easy to connect IDE converter.
- Auto power control - when copying finished, the machine willautomatically cut off the power to protect HDD during removal from theduplicator
- Supports DoD erase
- Supports various formats of HDD
- Supports different HDD capacity duplication
