Product Description

RF Shielding OD-LBeamAC - RFI shield for LBE-5AC-16-120 [RF Interference Shielding for LiteBeam airMAX ac](#)

The special feature of the shielding is that it is protecting the antenna especially from interference sources within households such as a microwave oven, wireless phones, baby sitters, walky-talky monitors and similar devices. The shielding is significantly lowering the radio-frequency interference from the left, right & backside of the antenna. The product is protecting the signal mostly in the desirable range.

- The shielding for Ubiquiti LiteBeam AirMAX ac has 45 degrees bended sidepanels.
- Short assembly and usage manual included.
- Very easy, screwless installation.
- Material: Stainless steel
