

Item no.: SMASMA

SMASMA - SMA (male) to SMA (male) cable, 1 m

from **6,49 EUR**

Item no.: SMASMA
shipping weight: 0.20 kg
Manufacturer: MikroTik

Product Description

MikroTik SMASMA - SMA (male) to SMA (male) cable, 1 m

MikroTik offers a full range of accessories in order to connect external LTE antennas to their LTE product line.

R11e-LTE miniPCIe cards can be installed on to a wAP R unit. R11e-LTE cards have two U.fl connectors, to which ACSMAUFL pigtails can be connected. ACSMAUFL pigtails have SMA connectors that fit nicely into the special mounting places of the wAP R. SMASMA cables can then be used to connect ACSMAUFL pigtails to any external LTE antenna with an SMA connector.
