Item no.: 321739
shipping weight: 0.10 kg
Manufacturer: Wireless Instruments

📄 Product Description

Wireless Instruments RJ45 Ethernet Connector System, 160 mm
The RJ45-ECS Ethernet connector system is a field replaceable outdoor rated and shielded Ethernet connection system for high speed 10Base-T, 100Base-T and 1000Base-T networks.
The RJ45-ECS waterproof adapter from Wireless Instruments is a high-quality IP67-level system, the best for outdoor enclosures.
Our waterproof connector can be used outdoors or indoors as well.

- Mating cable gland which passes an RJ45 connector and seals the cable to IP67 protection level
- High quality, flexible Ethernet cable AWG 24, UV/oil resistant
- Shielded RJ45 low-profile receptacle mounted in a UV protected housing
- Quick and easy disconnect and reconnect of equipment, installer friendly

Applications

- Base station
- Client station
- Indoor/outdoor data equipment
- 802.3af Power over Ethernet system
- Industrial application
- Harsh environment applications
- Indoor/outdoor video surveillance

- Material: EPDM, Nylon, ABS
- Hole diameter: M20 (20 mm)
- Weight: 58 g
- Operating temperature: -40°F to 80°C; -40°F to 176°F
- Ethernet cable lenght: 160 mm
- Ethernet cable specification: CAT. 5E, 24 AWG, UV/oil resistant
