EKA10001RJ45 - Coaxdata Ethernet Hybrid Adapter 1000 Mbps, 1x RJ45

from **209,74 EUR**

Item no.: 323826
shipping weight: 0.40 kg
Manufacturer: Teledes

Product Description

Teledes EKA10001RJ45 - Coaxdata Ethernet Hybrid Adapter 1000 Mbps, 1x RJ45

The device drives data traffic from an Ethernet interface to a coaxial network; at the other end, a similar device performs the opposite conversion so that the original Ethernet connection is recovered. It thus allows the Internet signal distribution through the antenna cable.

Connectors

- Data interface: 1x RJ45
- Ethernet ports: 10/100/1000 Mbps
- Coaxial interface: 2 X F (TV + data)

Coaxial data interface

- Bandwidth: 2 - 67,5 MHz
- Output level: 70 dBmV
- Output impedance: 75 ohms
- Maximum attenuation: 85 dB

TV coaxial interface

- Bandwidth: 87 - 2150 MHz
- Insertion losses: 2 bD
- Return losses: >10
- Output impedance: 75 ohms

Powering/temperature

- Mains (50/60 Hz): 108 -254 V ac
- Max. consumption: 6 W (1.8 in Low Power Mode)
- Working temperature: 23 to 113 °F

Firmware

- Max. no. of slaves: 253 (1012 using 4 masters)
- Max. long coaxial cable run: 1200 m
