Fibre optic cable, 2 m, duplex OM4 (multimode, 50/125) LC/SC

from **10,69 EUR**

Item no.: 325315
shipping weight: 0.10 kg
Manufacturer: VARIA Group

Product Description

Fibre optic cable, 2 m, duplex OM4 (multimode, 50/125) LC/SC

In contrast to copper cables, optical cables work even under the most difficult conditions. The optical fibres do not affect any electronics and can bridge long distances thanks to their low attenuation.LC connector

High-performance fibre optic connector for singlemode and multimode applications with a low insertion loss of only 0.1 dB and a return loss of 55 dB. The design of the LC connector is based on a single-fibre ceramic sleeve with 1.25 mm diameter for an optical fibre.SC connector

Standard connector for fibre optic cabling with automatic locking and anti-twist protection. The connector is suitable for singlemode and multimode fibres. It can be used for simplex, duplex and multiple connections.

- Connector: LC/SC duplex
- Fibre: OM4 (multimode, 50/125)
- LSZH
- Length: 2m
- Colour: violet
