### Product Description

Maclean MC-803 - VESA Monitor/TV Holder, 37-100", black, 50 kg

The universal ceiling bracket is used for mounting OLED/QLED/LED/PLASMA/LCD plasma TVs and monitors of various brands with a weight of up to 50 kg and screen diagonals from 37" to 100".

Compatible with LED, LCD and OLED TVs: Sony, LG, Samsung, Philips, Sharp, Panasonic, Toshiba, Grundig, Pioneer, JVC, Benq, Sanyo, NEC, Hyundai, Hitachi. The quality of this mount is confirmed by its weight - 6.6 kg.

During the production process, each model of the bracket is thoroughly tested by the manufacturer. This is the only way to ensure that your TV or monitor hangs securely on the wall. There are many aspects to choosing a TV that need to be considered! If you choose a bracket, apply the same principle, choose a solid, probably the best bracket on the market!

A complete, universal mounting kit allows easy mounting of almost all TVs and guarantees quick and safe installation without unnecessary improvisation.

The screen size shown is only a suggestion. A larger TV can be mounted on the bracket if it does not exceed the maximum weight and complies with the VESA standard.

The bracket can be easily attached to the VESA standard screen: The screen is equipped with VESA standard: 100x100, 200x100, 200x100, 200x200, 300x300, 300x200, 400x400, 600x400.
