📄 Product Description

MKR Proto Large Shield
The MKR Proto Large Shield fits onto your MKR board using its provided female/male headers and enables you to fix it wherever you want with the mounting holes. This shield features a larger prototyping area with more than 300 solder points and makes connecting components to your board super simple, thanks to the silk that indicates the MKR board pins location

- Digital I/O pins: 21
- PWM digital I/O pins: Depending on the board
- Analog input pins: 7
- Analog output pins: Depending on the board
- DC current per I/O pin: Depending on the board
- DC current for 3.3 V pin: Depending on the board
- DC current for 5 V pin: Depending on the board
- Length: 80 mm
- Width: 50 mm
- Weight: 19 gr
