Manufacturer: TP-LINK

📄 Product Description

TL-SG1008P - PoE Switch 8xTP 10/100/1000 Mbps (4x PoE), Steel case
The 8-port Gigabit desktop switch with 4-port PoE provides a seamless network connection. It integrates 1000 Mbps Gigabit Ethernet and 10/100 Mbps Fast Ethernet network capabilities.Port Priority Function
Priority (port 1=port 2=port 3>port 4): This function will help protect the system if the system power becomes overloaded. For example, port 1, 2 and 4 are using 15.4 W (maximum power per port is 15.4 W), the system power is 46.2 W in total. If there is an additional PD inserted to Port 3 with 10 W, then the system will cut off port 4 to protect the system, this means port 1, 2 will use 15.4 W, and port 3 will use 10 W, and no power will be supplied to port 4.Package contains

- Device
- Power cord
- Power adapter

Connectors and Interfaces
- LAN speed: (8) 10/100/1000 Mbps

General

- Switching capacity [Gbps]: 16
- MAC address table: 4000

Physical characteristics

- Design: Desktop
- Fans: Without fan
- Chassis design: Metal
- Operating temperature [°C]: 0 up to 40
- Depth [mm]: 98
- Width [mm]: 171
- Height [mm]: 27

Power

- Max. power consumption [W]: 65,2/5,5
- Power type: DC connector
- PoE standards: 802.3af
- PoE Out ports: 4
- PoE budget [W]: 55
- Power via connector/terminal: 48 V/1,25 A
