Product Description

TP-Link RE365 - Range Extender with AC Passthrough

The AC1200 Wi-Fi Range Extender connects to your router wirelessly, strengthening and expanding its signal into areas it can't reach on its own, achieving speeds of 300 Mbps on the 2.4 GHz band and 867 Mbps on the 5 GHz band.

- Keep your whole home connected with strong Wi-Fi expansion at combined speed of up to 1.2 Gbps
- Integrated power socket makes sure that no power outlet is waste
- Intelligent signal light helps to find the best location for optimal Wi-Fi coverage by showing the signal strength
- Works with any Wi-Fi router or wireless access point
- Unique design complements the aesthetic of daily life
