Product Description

Multifunction MiMo antenna SHKG-7-27-24-58The SHKG-7-27-24-58 features a compact OEM housing with 2x2 MiMo antenna functionality for 4G/3G/2G and an active antenna for GPS/GLONASS/Galileo/Beidou with 26dB gain LNA. To maximise functionality, versions of the SHK[G] are available that add either 2x2 MiMo or 3x3 MiMo antenna functionality for 2.4/5.8 GHz WiFi. The shark fin design provides multiple antenna functions while maintaining discretion and is suitable for public safety (overt/covert), industrial and traffic applications where a cost-effective, efficient and robust antenna is essential. The SHK[G] requires only a single hole installation and reduces vehicle damage, installation time, cost and impact while protecting the resale value of a vehicle.
