Product Description

Delock Fire-Proof Sleeving Silicone-Coated 10 m x 10 mm red

This fire-proof sleeving by Delock is used to protect against high temperatures and to insulate cables, electrical tubes or wires. Furthermore, the sleeving can be used to bundle exposed cables, electrical tubes or wires to protect them from dirt or damage.

- Brilliant resistance: The sleeving is characterized by its abrasion resistance and heat resistance.
- Stretchable: The braided sleeving is very stretchable, which allows multiple cables with different diameter to be accommodated.
- Brilliant resistance: The braided sleeve is characterized by its abrasion resistance and heat resistance.
- Reusable: The cables and tubes can be added or removed multiple times.
- Cuttable: A hot cutting tool can help to shorten the length of the braided sleeve individually.

- Length: ca. 10 m
- Diameter: ca. 10 mm (stretchable)
- Cable diameter: min.: 10 mm, max.: 14 mm
- Environmental temperature: -50 °C ~ 260 °C
- Reusable
- Material: silicone rubber
- Fire-resistance rating: 94V-2, VW-1
- Colour: red
- Package content: Fire-proof sleeving
- Package: Zip poly bag
