Product Description

Adapter Cable USB 2.0 type A to serial RS-232 with 3 open wires 2 m

This USB 2.0 type-A to serial RS-232 adapter cable by Delock is suitable as a connection cable between a device with USB 2.0 and a device with RS-232 port. With the tinned open cable ends, the connection can be made directly to the RS-232 device connector or flexible to various terminal blocks. In addition, it can be used to produce individual adapters and cable assemblies.
