Product Description

C10 Card Beacon in credit card format, BLE 5.0, iBeacon

The C10 is a fashionable, versatile card beacon with BLE5.0 and a transmission range of 100 m, which was developed primarily for personnel management, the optimization of work processes and indoor positioning, etc.; in addition, hospital patients or employees at work can use the C10 to press the panic button for help. Real-time Positioning & Tracking: Minew C10 can locate and track the presence of the employees in a site location. It allows quick access to the targeted person when needed. Indoor Activity Monitoring: In a specific area, activity monitoring enables managers to supervise the job is performed according to regulations remotely.

- **Occupancy Optimization:** Based on the real-time location and space occupancy analysis, you can transform facilities into a support system for the people working within them, lowering costs and improving efficiency.
- **Access Control:** This is the most frequently used function of a smart badge. NFC available makes C10 realize access control, to safeguard your workplace from the front door.
- **Social Distance (available by reconfiguring the firmware):** The most primary and important way to stay safe and healthy while the virus spreading is to maintain proper social distance. By reconfiguring and updating the firmware inside C10, your workplace can be run as it can remain the wearers to stay non-contact with each other. The user can configure the C10 card beacon via the BeaconSET + app. The push button on C10 is a panic / emergency / SOS button. LF (125KHz), HF (13.56MHz), UHF (868 ~ 915MHz) RFID are optional.
- Bluetooth® 5.0 chipset of the nRF52 series
- Design that can be worn on the body
- Panic button including speedometer
- Option RFID (NFC)
- Waterproof IP65
- Dimensions: 85.5 × 54 × 4.5 mm
- Color: white
- Weight: 18.5g / 15.5g
- Materials: ABS + PC
- Bluetooth protocol: BLE 5.0
- Chip: nRF52 series
- Waterproof and dustproof: IP65
- Battery: CP series battery, 800 / 500mAh
- Battery life: 2 years / 1.5 years
- Transmission range: 100 m
