Product Description

DataTraveler Max - USB Flash Drive - 256 GB

Kingston's DataTraveler Max is a high-performance USB Type-C flash drive that uses the USB 3.2 Gen 2 standard and offers record-breaking read/write speeds. The unique fluted housing protects the connector when not in use and slides in a single motion. Its design is specifically focused on portability and convenience. The DT Max is the ideal solution for transferring and storing large digital files such as HD photos, 4K/8K videos, music and more.

- USB 3.2 Gen 2 standard: Move your files at lightning fast speeds
- USB-C connectivity: Supports next-generation laptops and desktops for seamless file transfers
- Unique design: Convenient one-handed sliding cap, LED status indicator and functional key ring eyelet

- Storage capacity: 256 GB
- Interface type: USB-C 3.2 Gen 2
