9,49 EUR

Item no.: MC-928
shipping weight: 0.70 kg
Manufacturer: Maclean Brackets

Product Description

Multi-functional car support, 5 kg max.

High-quality multifunctional tray, designed to be mounted on the steering wheel of a car. The side with the cup holder is intended for dining, while the other side is ideal for placing a tablet or laptop on it. Thanks to the use of high-quality materials, the maximum load on the tray is as much as 5 kg. The stand is suitable for mounting on most car steering wheels, and the small size allows for easy storage. Very easy to assemble and disassemble without the use of tools.
