📄 Product Description

3-Port USB 3.2 Gen 1 Hub + SD and Micro SD Card Reader with USB Type-C or USB Type-A connector

This solid USB hub by Delock with metal housing can be connected to a computer, laptop or mobile device via the USB Type-A or USB-C interface. Up to 3 USB devices can be connected to the hub.

In addition, the hub with integrated card reader expands a PC or laptop by an SD and a Micro SD slot.

Due to the specially designed adapter, the Delock hub can be quickly and easily connected to the USB Type-A socket. Thus, it can be easily connected to new devices with USB Type-C female and older devices that only have a USB Type-A connector. The adapter is located directly on the cable and therefore it cannot be lost.

Due to its small dimensions and its sturdy housing, this Delock Hub is particularly suitable for travelling. It can simply be packed into the bag together with the laptop or tablet and used as needed.

- Connectors: 1x SuperSpeed USB (USB 3.2 Gen 1) USB Type-C male > 3x SuperSpeed USB (USB 3.2 Gen 1) Type-A female, 1x SD slot, 1x Micro SD slot
