Product Description

This High Speed HDMI with Ethernet cable from Delock complies with the latest HDMI standard and combines fast data transmission as well as audio/video and Ethernet connection in one. You can therefore connect your PC or a DVD / Blu-ray drive to a monitor or TV, for example. The HDMI-A connector is downward compatible with its predecessors and allows you to continue connecting your previous devices. The higher wire diameter and the twisted data lines ensure reliable data transmission even for this cable length.
