Product Description

This braided sleeving from Delock is suitable for bundling exposed cables, electrical cables or wires to protect them from dirt or damage.

- The braided sleeving closes automatically after the cables have been added
- The braided sleeving is characterised by its high abrasion resistance and heat resistance
- The cables and hoses can be added or removed several times
- The length of the braided hose can be shortened individually with the help of a hot cutting device

- Length: approx. 10 m
- Diameter: approx. 13 mm
- Bundle diameter: max. 14 mm
- Ambient temperature: -40 °C ~ 125 °C
- Reusable
- Material: polyester
- Fire resistance class: 94V-2, VW-1
- Colour: black
