

Item no.: 357848

PCI Express card >1 x internal M.2 Key A slot with 3 external antennas - low profile form factor

from **18,68 EUR**

shipping weight: 0.20 kg Manufacturer: Delock

Product Description

This PCI Express card from Delock expands the PC with an M.2 Key A interface. Various M.2 modules with USB and PCIe signals can be inserted into the card. For example, WLAN, Bluetooth, GNSS, 3G, HSPA and NFC modules can be used on the M.2 Key A or Key E interface. Furthermore, it is also possible to use both functions at the same time with a module that has, for example, WLAN and Bluetooth. The USB modules are connected to the system via the USB port of the card. The antennas and antenna cables can be exchanged if necessary, e.g. if the module used has other RF connections.

- Connectors:1 x 67 Pin M.2 Key A Slot1 x PCI Express x11 x USB 2.0 Type Mini-B Socket (for M.2 USB Modules)1 x USB 2.0 Male Connector (for M.2 USB Modules)3 x MHF-I Connector (Antenna Cable)

 • Interface: PCIe + USB
- Suitable for M.2 modules in the format: 3042, 3030, 2242 and 2230 with Key A or Key A+E on PCIe and USB basis
- Maximum height of components on the module: 1.5 mm, Use of double-sided modules possible
 Antenna-gain: 2 dBi-frequency range: 2.4 GHz and 5 GHz-impedance: 50 Ohm-VSWR: 2.0-polarisation: linear 2 x jumpers for activating / deactivating the USB / PCIe signals
- 2 x LED display
- Slot bracket each with 3 x hole for antenna connection • OS independent, no driver installation required

System requirements

• PC with a free PCI Express slot

Package contents

- PCI Express card
- Low profile bezel
- 3 x antenna (RP-SMA connector)
- 1 x USB cable USB type-A plug to mini-B plug, length approx. 1 m
- Operating instructions
