

Item no.: 357998

Air Quality Sensor (Zigbee)

from **63,57 EUR**

Item no.: 357998
shipping weight: 0.50 kg
Manufacturer: frient

Product Description

How is the air quality in your rooms? Imagine having a friend (frient) who cares about your health. Someone who wants you to be well and reminds you to open the window for fresh air.

Better air for a better life. The wireless frient Air Quality Sensor alerts you when the air quality is poor. In addition, the smart device monitors the level of organic chemicals, humidity and temperature in your rooms. Are you worried about mould? The frient Air Quality Sensor measures the humidity in your rooms and alerts you in time. But that's not all, because the frient Air Quality Sensor also detects when the humidity is too low. So you are also warned here to avoid dry eyes and associated allergies.

- Dimensions: 70 x 70 x 21 mm
- Power supply: Battery 2x AA, replaceable
- Battery life: Up to 2 years, report every 5 minutes
- Battery status is transmitted to gateway via Zigbee
- Ambient temperature: 0°C to +50°C
- IP class: IP20
- Ambient humidity 5% to 85
- Radio sensitivity: -98 dBm
- Radio output power: +8 dBm
- VOC measuring range: 0 to 60000 ppb
- VOC resolution: 1-32 ppb
- Temperature measuring range: 0°C to +50°C
- Temperature resolution: 0.1°C (accuracy ± 0.5°C)
- Humidity measuring range: 0 to 100% RH
- Humidity resolution: 1% RH (accuracy 2%)
- Zigbee 3.0
- Complies with CE, RoHS and REACH directives
