

Item no.: 357357

Navilock NL-280GG Multi GNSS GALILEO GLONAS GPS SMA 90° Antenna 5 m

from **14,70 EUR**

Item no.: 357357
shipping weight: 0.10 kg
Manufacturer: Navilock

Product Description

Use this antenna on your GNSS equipment to receive GPS and GLONASS signals simultaneously.

- External active external antenna for GPS/GLONASS receiver- Connection: 1 x SMA plug- Frequency ranges: GPS: 1575.42 MHz +/- 3.00 MHz GLONASS: 1602 MHz +/- 8 MHz- Bandwidth: GPS > 8 MHz Glonass > 16MHz- Internal patch antenna: 25 x 25 x 4 mm- VSWR: 1.5- antenna gain: 5 dBic (7 cm x 7cm ground plane)- polarisation: RHCP, LNA- gain: 30 dBi- input voltage: 2.8 ~ 5.0 V- VSWR: 1.5 typ.- Noise Figure: 1.5 @ 25°C +/- 10 °C- SMA plug: brass gold-plated- SMA contacts: gold-plated- Cable RG-174- Impedance: 50 Ohm,- Cable length: 5 m- Cable attenuation: 5.70 dB- Dimensions (LxWxH): approx. 44.00 x 37.00 x 14.50 mm- current consumption: typ. 13.50 mA @ 3.0 V- protection class IPX-66- operating temperature range: -40 °C ~ 80 °C- weight: 0.150 kg- magnetic bottom (rubberised)
