Zigbee Indoor Siren

from **35,46 EUR**

Item no.: 358033
shipping weight: 0.50 kg
Manufacturer: Heiman

Product Description

If one of your SmartHome sensors sounds an alarm, this should be loud and clearly audible for all residents. Thanks to the HEIMAN Zigbee indoor siren, an alarm from the socket is possible.

The HEIMAN Zigbee indoor siren sounds the alarm with 95 dB and a flashing light signal. A special safety feature is the integrated backup battery. With this, the siren remains active even if the power fails or a burglar pulls the siren out of the socket.

The simple plug & play installation allows you to add to your security system in no time at all.

- Zigbee indoor siren for type C sockets
- Compact modern design
- Max. Volume: 95 dB
- Backup battery, up to one hour operation
- Easy to install
- Radio technology: Zigbee 3.0
