Product Description

This USB cable from Delock enables the connection between devices with a USB Type-C™ port and a PC or notebook with a free USB port.

Ultra-flexible cableThe cable is characterised by its special design. Instead of normal copper wires, there is a flexible circuit board inside the cable, also called FPC (Flexible Printed Circuit). This makes the cable extremely flexible and yet robust. It is particularly suitable for charging smartphones from a power bank when on the move.
