

Item no.: RTROM01-LTE-KIT1

RTROM01-LTE-KIT1 - LTE Kit incl. Modem, Cables, Antennas, Heatsink

from **153,78 EUR**

Item no.: RTROM01-LTE-KIT1
shipping weight: 0.20 kg
Manufacturer: Turriss Omnia

Product Description

With the help of the Turriss Omnia LTE kit your Omnia will be able to connect to connectivity using LTE category 6, enabling a transfer rate of 300/50 Mbps (Down/Up). The kit is built on a miniPCI card with a Quectel EP-06 modem and all configuration takes place in advanced LUCY management.

Package Contents

- 2x pigtails (u.FI to SMA-female)
- 2x LTE antennas
- 1x LTE miniPCI-e card EP06-E
- 1x card cooler

Wireless Features

- Wireless frequency: LTE
- 4G/LTE bands support: (1) 2100 MHz, (3) 1800 MHz, (5) 850 MHz, (7) 2600 MHz, (8) 900 MHz, (20) 800 MHz, (28) 700 MHz, (32) 1500 MHz, (38) 2600 MHz, (40) 2300 MHz, (41) 2500 MHz

Connectors and Interfaces

- Bus type: miniPCI-e
- RF connectors: 3x u.FI

Physical Characteristics

- Operating temperature: -40°C up to 85°C
- Width: 30 mm
- Height: 4 mm
- Depth: 51 mm
