RTROM01-RTSF-10G - SFP+ Copper Module, 10 Gbps, RJ45

from **83,03 EUR**

Item no.: RTROM01-RTSF-10G

shipping weight: 0.20 kg

Manufacturer: Turrís Omnia

Product Description

RTROM01-RTSF-10G is a 10-Gigabit SFP+ metal module with RJ45 connector for a metal cable with a data rate of 1G/2.5G/5G/10 Gbps. The range of the module is 100 m at 1 Gbps, it is only 30 m at 10 Gbps using a Cat. 6A cable. The module is primarily designed for Turrís MOX and Turrís Omnia, where it can use speeds of up to 2.5 Gbps.

Optics

- Format: SFP+
- For cable type: Metallic
- Transmission speed: 1 Gbps, 2.5 Gbps, 5 Gbps, 10 Gbps
- Distance [km]: 0,1
- Transfer type: Metallic

Connectors and Interfaces

- Optical connectors: RJ45

Physical characteristics

- Operating temperature: 0°C up to 60°C
