Item no.: 358034

HEIMAN Zigbee temperature and humidity sensor

from **36,87 EUR**

Item no.: 358034
shipping weight: 0.50 kg
Manufacturer: Heiman

📄 Product Description

The Zigbee intelligent temperature and humidity detector from HEIMAN has a high-precision temperature and humidity sensor.
It offers a high-quality MCU for processing the detected temperature and humidity conditions.
Thanks to wireless Zigbee communication technology with extra low power consumption, the temperature and humidity information can be sent to a Zigbee gateway in real time.
This product is suitable for indoor environmental monitoring.
You can also read the temperature and humidity directly on the large display.

- Measurement of humidity and temperature via Zigbee
- Radio network: Zigbee 3.0
- Battery: DC 3V 1x CR2450
- Operating temperature: -10°C - +55°C
- Humidity: <95% RH (non-condensing)
- Frequency range: 2.4GHz
- Sensor resolution: 0.1°C - 0.1%
- Battery life: up to 2 years
- Item dimensions (WxHxL) 59 x 60 x 15 mm
- Packaging dimensions (WxHxL) 63 x 67 x 30 mm
- Item weight (net) 0.042 kg
- Item weight (gross) 0.060 Kg
- Battery CR2450
- WEEE
- CE
- IP class IP20
