

Item no.: 361877

Audio Splitter USB Type-C™ to 2 x jack socket metal

from **14,63 EUR**

Item no.: 361877
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This audio splitter from Delock allows you to connect two audio output devices, such as headphones or speakers, to a device with a USB Type-C™ or Thunderbolt™ 3 socket. The audio signal is transmitted in stereo to both output devices, so two people can listen to the same music at the same time, for example.

Thanks to the integrated chipset, the audio signals are transmitted in crystal-clear Hi-Res sound quality.

The USB Type-C™ interface of the device must support the output of audio signals (USB ADC specification).

- Connectors: 1x USB Type-C™ plug > 2x 3.5 mm 3 pin jack socket
- Chipset: Realtek ALC4042
- USB 2.0 specification
- USB Audio Device Class 1.0/2.0 specification
- Supports Digital Hi-Res Audio
- Signal-to-noise ratio (SNR): approx. 98 dB
- Frequency range: 20 Hz - 40 kHz
- Supported sampling rates: 16/24/32 bit, 44.1/48/96/192/384 kHz (depending on system and connected hardware)
- Housing material: aluminium
- Contacts gold-plated
- Colour: Black/silver-grey
- Dimensions (LxWxH): approx. 36 x 30 x 9 mm
- Cable length without connections: approx. 15 cm
- Plug & Play
