

Item no.: USK1209

## USK1209 - 120° Sector Kit 900 MHz

from **166,58 EUR**

Item no.: USK1209  
shipping weight: 5.50 kg  
Manufacturer: RF Armor

### Product Description

120° Sector Kit 900 MHz

Shielding designed for the Ubiquiti Rocket Sector Antennas.

- Lower noise floor
- Cleaner signals
- Superior signal to noise ratio
- Fewer wireless retries
- Higher sustainable air rates
- Up to 50% increase in performance

Fits the following Ubiquiti antennas:

- AMS 900-120-13 (900 MHz 120 degree 13 dB)

Measurements:

- Kit height: Height of antenna + .5"
- Kit width: 26"
- Kit weight: 10 pounds

**NEW LIGHTER DESIGN AND SMALLER SHIPPING BOX!**

Reduces unwanted RF energy from the back, sides, top and bottom outside the desired beam width from reaching the antenna and radio keeping the radio focused on signals only from desired coverage area. The kit will NOT increase the gain of the antenna, however it will lower the noise floor providing a much cleaner signal allowing for higher sustainable air rates. Made from marine grade aluminum.

WARNING - This is a large kit with significant wind load.
