Manufacturer: Fibaro

📄 Product Description

Fibaro - The Button
The Button is a compact, battery-powered, Z-WavePlus compatible device. It allows you to control devices through theZ-Wave network and run various scenes defined in Fibaro System.Different actions may be triggered with one to five clicks or by holding the button down. In panic mode, each press of the button results intriggering of the emergency scene. With its small design and wirelesscommunication, the Fibaro Button can be conveniently mounted on anysurface and in any position or location at home, e.g. beside the bed orunder the desk.
