**Item no.:** 326492
TSX00005 - MKR2UNO Adapter

from **14,42 EUR**

Item no.: 326492
shipping weight: 0.10 kg
Manufacturer: Arduino

📄 Product Description

MKR2UNO Adapter
The MKR2UNO Adapter allows you to turn your Arduino Uno form factor based project into a MKR based one without too much effort! This way, you can upgrade your project with a powerful board with integrated LiPo battery charger.

- Operating voltage: .3 V
- Input voltage (recommended): 7-12 V
- Input voltage (limit): 6-16 V
- Analog input pins: 6
- Analog output pins: 1
- Digital I/O pins: 14
- DC current for 3.3 V pin: 700 mA
- DC current for 5 V pin: 700 mA
- Length: 68.6 mm
- Width: 53.4 mm
- Weight: 24 g
