Product Description

TL-SG108E - 8-Port Gigabit Easy Smart Switch

TP-Links 8-Port Gigabit Easy Smart Switch TL-SG108E is an ideal upgrade from unmanaged switches, designed for small office and home office networks. The configuration is largely simplified by the web-based user interface and management utility. Network administrators can effectively monitor traffic via Port Mirroring, Loop Prevention and Cable Diagnostics features. To optimize traffic on your business network, TL-SG108E offers Port-based/802.1p/DSCP QoS to keep latency-sensitive traffic moving smoothly and jitter-free. Additionally, port-based, tag-based and MTU VLAN can improve security and meet more network segmentation requirements. Moreover, with its innovative energy-efficient technology, it is an eco-friendly solution for your business network.
