## PHIEPAT02-B - 2-in-1 Sensor - Temperature and Humidity

**35,67 EUR**

Item no.: 327268  
shipping weight: 0.10 kg  
Manufacturer: Philio

### Product Description

#### 2-in-1 Sensor - Temperature and Humidity

The Philio Sensor is a 2-in-1 Sensor. The sensor measures the humidity (in percent) and the temperature (in Celsius) of its environment. Furthermore the sensor has a tamper switch, which works as a burglar alarm. By using Z-Wave all the information is transferred to the Gateway. The 2-in-1 Sensor can be mounted on almost every surface in horizontal or vertical position. The sensor has a casing with a barred aperture for the measurement of the humidity. On the backside of the case there is the tamper switch, which works as burglar alarm if the device is moved or manipulated. With the Philio sensors you can easily make your home smarter and safer. The sensors are small, inconspicuously and fit on every surface. If you want to protect your home from burglars or other dangers like fire or water you can easily integrate the Philio Sensors to your Z-Wave Smart Home gateway.

- Sensor for humidity and temperature
- EU frequency: 868,42 MHz
- Power supply: battery CR123A 3V
- Battery lifetime: 7 years (depending on the wake-up interval)
- Package content: 1x 2-in-1 Sensor incl. battery
- Wireless technology: Z-Wave Plus
- Article Dimensions (WxHxL): 28 x 23 x 85 mm
- Package Dimensions (WxHxL): 62 x 26 x 126 mm
- Article net weight: 0.035 Kg
- Article gross weight: 0.067 Kg
- Z-Wave Plus
- WEEE
- CE
