MCOEMH9-CO2-230 - CO2 Sensor 230V

147,30 EUR

Item no.: 327230
shipping weight: 0.50 kg
Manufacturer: MCO Home

Product Description

CO2 Sensor 230V

The MCO Home air quality monitor can detect and alarm CO2 in the air in real-time. It has built-in VOC, temperature and humidity sensors. The air quality monitor can control air ventilation systems directly via integrated outputs. The MCOEMH9-CO2 convinces with high reliability and practicability and is able to work in any Z-Wave network with other Z-Wave certified devices. Please be aware, that the MH9-CO2-230V has different dimensions than the MH9-CO2-12V. Because of that it is not fitting in the regular German wallbox. The dimension of the backpart of the CO2 Sensor, which is mounted in a wallbox, is 58x48x27 mm.

Features:

- Monitors CO2 concentration in air
- High accuracy and reliability
- Modern glass touch surface
- Power Supply: 230V AC
- CO2 Range: 0-2000ppm, default alarm threshold:1000ppm (adjustable)
- Temperature Range: -9.0 ~ 50°C
- Humidity Range: 0% ~ 99%RH
- Wireless Technology: Z-Wave
- Installation: Wall-mounted (Vertical), Hole Pitch: 60 mm or 82 mm
