Product Description

3-in-1 Sensor - Flood, Temperature and Humidity

The Z-Wave 3 in 1 sensor is designed with three detection sensors:

- Water/ Flood
- Temperature
- Humidity

The detector can be used as a security device or home automation device. When the detector is cooperated with security appliances, the detector is acting as a security device by detecting flood, e.g. next to a leaking washing machine. Additionally high temperature and humidity detection can be defined as trigger for alarm signals.
