Product Description

C74-SJ-010-TS9S - C74 adapter cable, 10 cm, SMA (f) to TS9S (m)

Micro connectors such as TS9 have become the industry standard for data cards, USB stick modems and Wi-Fi dongles because of their ease of use and quick installation time. Panorama has a range of cable assemblies using TS9 connectors to suit various different antenna connectors available in their range.

The TS9 adaptor lead provides a quick, easy and cost effective way to supplement your data rates and transfer speeds using a better external antenna.
