I10 - Minew Indoor Beacon

12,35 EUR

Item no.: 335891

shipping weight: 0.10 kg

Manufacturer: MINEW Technologies

Product Description

Minew i10 - Indoor Beacon

The i10 Indoor Beacon is a hardware platform based on the nrf52 chip loaded with Bluetooth(R) 5.0. It simultaneously supports multiple iBeacon and Eddystone protocols (UID, URL, TLM) and can be configured via the BeaconSET+ app.

The detachable housing structure makes the batteries of the i10 Indoor Beacon easy to replace. It comes with a battery insulation sheet, thus it can save battery power during shipment. Besides that, it can be attached to objects by screws mounting, and there are two positions for the screws, bottom or side, which give more choices to you for different application scenarios.

Specifications

- Protocol options: iBeacon: Yes; Eddystone: Yes
- Features: Battery replaceable: Easy to replace; Installation method: Screws mounting, bottom and sides; Others: With battery insulation sheet
- Battery: Model: 2x AA (LR6); Capacity: 2200 mAh; Operating temperature: -20°C to +70°C (battery limit); Battery life (Tx = 0 dBm, interval: 900 ms): Up to 5 years
- Configuration app: BeaconSET+, iOS & Android

Parameters

- Radio: Bluetooth: Bluetooth low energy 5.0 compatible; Transmission interval: From 100 ms to 5000 ms; Transmission power: -40 dBm, -20 dBm, -16 dBm, -12 dBm, -8 dBm, -4 dBm, 0 dBm, 4 dBm; Range: 200 meters
- Construction: Material: ABS plastic housing; Dimensions: 73.5 x 44.8 x 24.2 mm; Weight; 56 g; Chipset: nRF52; Color: White; Accessories: 1x double-sided adhesive, 2xs screws and 2x plastic holders
- Product compliance: Certification: CE, FCC, Bluetooth QDID/EPL
