shipping weight: 0.20 kg
Manufacturer: MikroTik

Product Description

XS+DA0001 - SFP/SFP+/SFP28 1/10/25G direct attach cable, 1 m

MikroTik is releasing new direct attach cables that support not only SFP 1G and SFP+ 10G, but also the 25G SFP28 standard! With the new direct attach cables you get more features for the same price!

This is a highly cost-effective way to connect two SFP/SFP+/SFP28 devices (for example two units of the new CCR2004-1G-12S+2XS) for very short distances, within racks and across adjacent racks.

They provide a low cost, low power and low latency interconnect solution for 25 Gigabit Ethernet, Fiber Channel and other industry standards, and are direct attached compliant and fully conform to the SFP+ MSA specifications.

Two versions are available - XS+DA0001 (1 m) and XS+DA0003 (3 m).

- Product code: XS+DA0001
- Cable length: 1 m
- Data rate: 1G/10G/25G
- MTBF: Approximately 100'000 hours at 25°C
