Manufacturer: Jovision

Product Description

Jovision PI30 - PoE Injector, 30 W

This PoE injector is a PoE power supply with one Ethernet data input port and one Ethernet data output port with 48 V voltage (IEEE 802.3af). Any Ethernet Cat. 5 data cable can be plugged directly into the input port. Data transfer and power supply are both provided through the data cable.

- Input voltage: 100 - 240 V AC
- Output voltage: 48 V DC
- Network standard: IEEE802.3i 10 BASE-T, IEEE802.3i 100 BASE-TX, IEEE802.3x flow control, IEEE802.3af
- PoE supply: 30 W via output port; power supply via PIN 1236; data cable: Cat. 5 or higher; built-in power adapter
- Voltage (PIN): 1 and 2 (+), 3 and 6 (-)
- Data transfer: 10/100/1000 Mbps
- Installation: Plug & Play installation (automatic recognition of PoE supply)
- Product dimensions: 165 x 62 x 38.5 mm
