Product Description

SHUTTLE DIN-Rail Mounting Kit for Shuttle XPC slim series

A DIN-Rail is a metal rail widely used for mounting electronic control equipment inside equipment racks. The Shuttle XPC accessory DIR01 allows the installation of 1-litre XPC slim barebones on a standard 35 mm DIN-Rail. Should the required VESA mount (100 x 100 mm) not be included with your Shuttle XPC, it is available optionally.

Scope of delivery:

- Stainless steel plate, 1.5 mm thick, 164 x 134 x 7 mm (WHD)
- DIN-Rail mounting clip for standard 35 mm DIN-Rail
- 4x countersunk-head screw (M4 x 8 mm)
- Quick Guide

Compatibility:

- Shuttle XPC slim Barebones (fanless): DX30(V2), DL10J, DS47, DS407(T), DS437(T), DS57Ux, DS67Ux, DS68U, DS77Ux, DS10Ux
- Shuttle XPC slim Barebones (with fan): DH02Ux, DS61, DS81, DS81L, DH110, DH110SE*, DH170, DQ170, DH270, DH310, DH310V2, DH310S*, DH370, DH410, DH410S*, DH470
