Product Description

OBDII Connection Extension Cable

OBDII connection extension cable is a solution for OBDII tracker in following cases:

- When OBDII socket is in a hard to reach place and vehicle parts are interfering with GPS signal
- When vehicle parts need to be removed/opened to access OBDII socket
- When tracker is plugged in, vehicle parts no longer fit or close

- Cable length: 50 cm
- Unsealed one-piece OBD male/female connector
- Suitable for all light vehicles with OBDII socket
